- White

New HEUI® fuel injectors

Alliant Power is the exclusive supplier of new, genuine original equipment HEUI® fuel injectors for 7.3L Ford Power Stroke® and International T444E/DT466E / I530E vehicles. These are new (not remanufactured) and are built using the latest specifications incorporating all product improvements.

Alliant Power injectors look just like the injectors that come from Ford and Navistar for a very good reason, the same company makes them. While their injector is remanufactured, ours is new and it has a 13 month, unlimited mile warranty.

Reman Electronic Injectors

All manufacturers' names, symbols, numbers and descriptions are used for reference only, and it is not implied that any part is the products of these manufacturers.
